

We propose to collaborate with Hilcrest College to develop and implement a digital skills awareness program for your students. This program will include interactive workshops, seminars, and online resources designed to introduce students to the world of technology and inspire them to explore its potential. Additionally, we can offer sustainable digital training programs to equip students with practical skills that can be applied in their academic pursuits and future careers.

We believe that a partnership between Circo Digital Academy and Hilcrest College can create a significant impact on the lives of your students by providing them with the tools and knowledge they need to thrive in the digital age.

We would welcome the opportunity to discuss this proposal further with you and explore the possibilities of a mutually beneficial partnership. Please feel free to contact me at +2349160322902 or circohq@gmail.com to schedule a meeting at your convenience.

Thank you for your time and consideration.

Sincerely,  
Johnson Lawrence Onaji  
Team Lead  
Circo Digital Academy Calabar
